Sort order A-Z

A menu item is composed of 5 attributes.

Sort order

Used to control the order of the menu.

Parent element

If this element should be nested under another menu item.

Title

The title shown in the menu.

Here it is a reference to a page.

Url

The url to redirect to, when a user clicks the menu item.

Here it is a copy of the path from the referenced page.

Sub elements

If this menu item doesn't have a parent element, this element is available.

Shows the list of elements to show in a dropdown un this menu element.
