

Status action

Status actions are addon functionality bound to a certain status.

When an item fullfills certain criterions, the action is fired resulting in

- Sending of an email ([Notification](#))
- Export and routing of documents ([Export](#))
- Creation of tasks ([Task create](#))

Conditions for triggers can be:

- When entered
- When leaving
- Set amount of time

Read more about it here: [Status_actions](#)

Status trigger	
Title	Reminder
Action type	Timed ▼
	7 days relative to Last modified ▼
