Field in edit mode

The screenshot displays a user interface for a medical diagnosis system. On the left, there is a blue header with the word 'Diagnose' in white. To the right of the header is a search input field containing the text 'Weber'. Below the input field is a dropdown menu that is open, showing a single search result: 'DG463F Weber's syndrom'. The dropdown menu has a light gray background and a thin border.

	130128 Rigshospitalet, Traumecenter og Akut Modtagelse

Configuration

The image shows a dialog box titled "Edit field configuration". It has a header bar with the title. Below the header, there are two main sections. The first section is labeled "Favorites values" and contains a large, empty text area. Below this text area is a small text label: "line seperated list of values or partial values". The second section is labeled "Favorites usage" and contains a dropdown menu with the value "None" selected. To the right of the dropdown menu, the text "RESERVED FOR FUTURE USE" is displayed in red. At the bottom right corner of the dialog box, there is a "CANCEL" button.
