

Lookup

Look-up in local list of values

Properties

- Type: Lookup
- Groupable: Yes
- Show in lists: Yes
- Searchable: Yes

User interface

Field in show mode

A horizontal light blue bar representing a field in show mode. It contains the text "Scope" on the left and "Engine" on the right, both in a dark blue font.

Field in edit mode

A horizontal light blue bar representing a field in edit mode. It contains the text "Scope" on the left and a dropdown menu on the right. The dropdown menu has the text "Engine" and a small downward-pointing arrow.

Configuration

This field requires configuration before deployment.

The image shows a software configuration window titled "Edit field configuration". It features a sidebar on the left with three sections: "Default value", "List style", and "Add new values". The "Default value" and "List style" sections each have a dropdown menu currently displaying "Select Value". The "Add new values" section is a large, empty text area. A "CANCEL" button is located in the bottom right corner of the window.

[Description of configs]

Developer info

- FeltTypeID: 61
- SQL datatype: INT(11)
- Class name: FieldLookupListLocal
