

# Respond to an invitation

How to respond to an invitation for assessment.

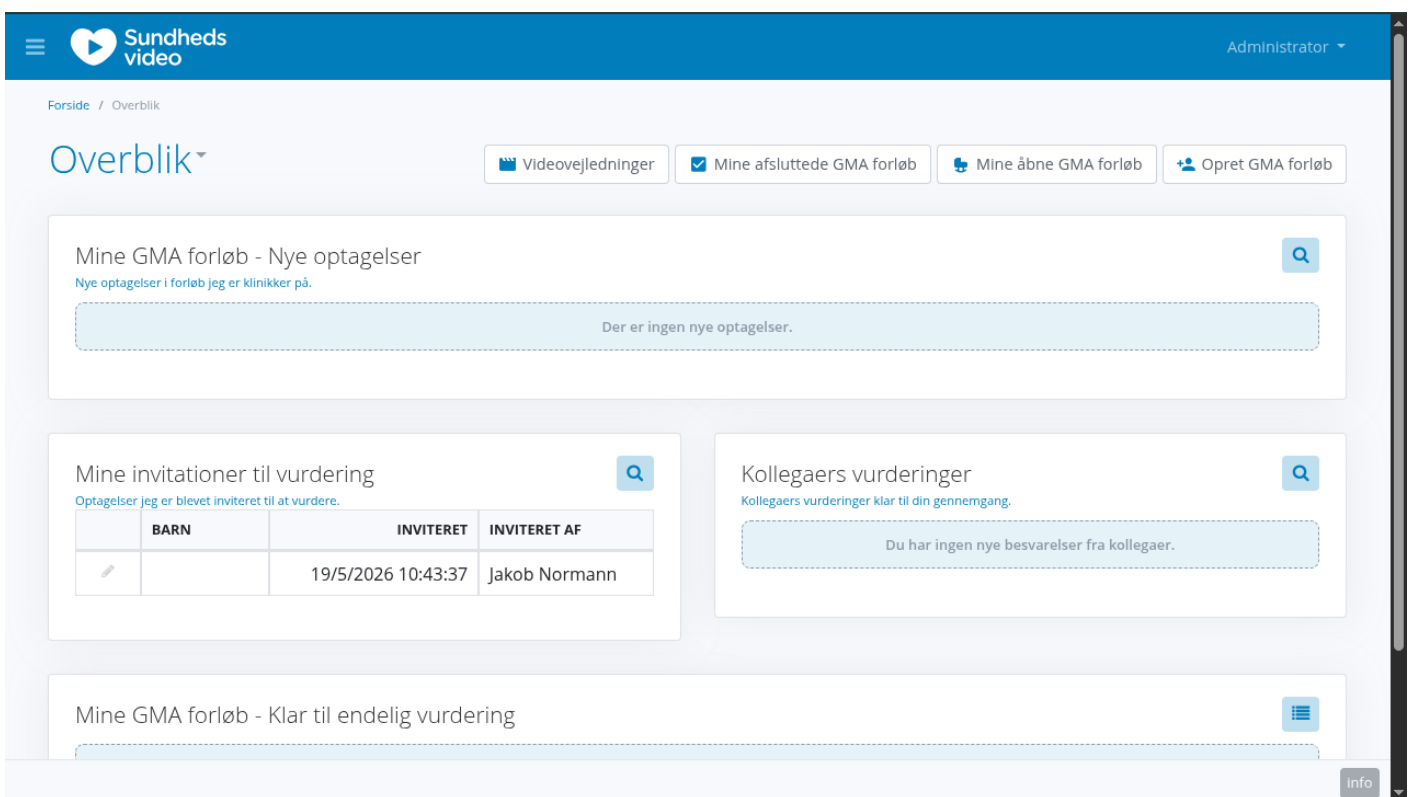

This introduction is available as a video and as a written article.

[INSERT VIDEO]

Other clinicians can invite you to give a second opinion on a recording.

When they do that you will receive an email, and it will show up on your dashboard.

You have seven days to respond, before the invite expires.

The screenshot shows the 'Sundheds video' dashboard. The top navigation bar includes a menu icon, the logo, and the user role 'Administrator'. The main content area is titled 'Overblik' and contains several sections:

- Videovejledninger**: A button to view video guides.
- Mine afsluttede GMA forløb**: A button to view completed GMA processes.
- Mine åbne GMA forløb**: A button to view open GMA processes.
- Opret GMA forløb**: A button to create a new GMA process.

The main content area is divided into three sections:

- Mine GMA forløb - Nye optagelser**: A section for new recordings. It contains a message: "Der er ingen nye optagelser." (There are no new recordings.)
- Mine invitationer til vurdering**: A section for assessment invitations. It contains a table with the following data:

	BARN	INVITERET	INVITERET AF
		19/5/2026 10:43:37	Jakob Normann

- Kollegaers vurderinger**: A section for colleague assessments. It contains a message: "Du har ingen nye besvarelser fra kollegaer." (You have no new answers from colleagues.)
- Mine GMA forløb - Klar til endelig vurdering**: A section for GMA processes ready for final assessment. It contains a message: "Der er ingen nye optagelser." (There are no new recordings.)

An 'info' button is located in the bottom right corner of the dashboard.

Clicking the link in the email or the record on the dashboard redirects you to the following view.

It's the same view as when you do assessments on your own courses, but you won't be able to see the child's name.
