

Add links to add user to candidate database

Anywhere in a webpage you can add a link to the candidate interface

```
https://talentpiper.com/demo/webinterface?nykandidat
```

Example of HTML for a popup window

```
<a target='_blank' href='https://talentpiper.com/demo/webinterface?nykandidat'>add me to candidate database</a>
```

You might consider locking the user for a generic placeholder job

```
<a target='_blank' href='https://talentpiper.com/demo/webinterface?nykandidat&DATA_STILLING_NEW=15788'>add me to candidate database</a>
```
